

# FAITH COMMUNITIES GO GREEN

A COLLABORATION: GREEN UMBRELLA AND EQUASION

## TOOLKIT

*From our Program on November 13, 2024*

### Incentives to Make Your Home Energy Efficient

[Recording](#) of this Program

[Slide deck](#) of today's presentation by Nikki Vandivort, a FUSE Executive Fellow working at the City of Cincinnati's Office of Environment & Sustainability on clean energy and electrification expansion. This deck includes slides for both individuals and information on incentives available to make upgrades at houses of worship (incentives for "tax exempt organizations").

[Resources](#) you can use to learn more about how you can use the incentives to make your home more energy efficient
